Bugle News

Dear Parents

Tomorrow is the last day of the Spring Term and we will be holding our end of term celebration assembly in the Chapel at 9.15. We would be delighted if you could join us.

A reminder that school will end at 1.30 pm. Have a fabulous Easter holiday.

Tim Wherry

Head teacher

Year 6	Dylan Thomas

Class of the Week - Year 1

Attendance - Year 2

Reading Challenge - Year 4

Buddy of the Week - Lexi Dingle

Head Teacher Award - Scott Masters

Good to Be Green
Well done to all of the children who continue to work hard and show excellent behaviour in school. 165 texts (82%) were sent to parents on Friday for children that had remained 'green' all week.
Well done.

On Tuesday morning, Year 1 were lucky enough to have an associate from the Bournemouth Symphony Orchestra in our class, to create a fantastic composition linked to our current topic, Animals. The class had a great time exploring and using a variety of instruments in our Symphony entitled 'Animal Farm'. Our Symphony had five unique movements and we learned how to play together, keep to a beat and watch and listen to each other.
Ms Croney
Year 1 Class Teacher

We did music with Mr Harrison.
Silas

I enjoyed playing the tambourine.
Mia

I enjoyed singing.
Artur

I enjoyed composing music.
Shanice

We would like to say a huge thank you to Ms Croney for arranging this fantastic visit for Year 1. Thank you Ms Croney it was a memorable morning for Year 1!

Cornwall Tech Jam
10am to 2pm on Saturday 8th April 2017
At the new Bodmin Library

Cornwall's Tech Jams are run by volunteers working in IT and education throughout the Duchy, in association with Software Cornwall and local businesses.

We aim to run the Jams from 10am to 2pm on the second Saturday of the month, alternating between venues in the Redruth/Pool/Camborne area and the Bodmin area. They are free to attend, you can turn up whenever you've got time and stay for as long as you like.

The Jams are for anyone who's interested in computing and technology. All ages are welcome to attend, from beginners to experts, to ask any questions or learn about programming and how to interface computers to the physical world.

We have a number of Raspberry Pi computers enabling you to experiment with and learn how to:

- Program in Minecraft
- Control real traffic lights with Python and Scratch
- Compose music with Sonic Pi
- Use the Raspberry Pi camera to take pictures and record video
- Program robots

We're more than happy to help with any questions you might have or support that you require. From advice on how to get started through to problems you are having with your programs, hardware or computer.

We'd also love to see projects that you are working on, so please bring them along and let us see what you've been up to.
